Regarding	Proposed Scope of Services for Lower St. Croix Partnership Ordinance Update Program		

This activity will provide an overview of MIDS and introduce the Lower St. Croix Partnership Ordinance Update Grant Program. The service provider will perform a cursory review of community ordinances and present an overview of the components of MIDS to up to 6 communities. The provider will provide a summary of the cursory evaluation of community ordinances to the Lower St. Croix staff for 6 communities. The provider will present, answer questions, and provide clarifications for community staff, planning commissions, and city councils at up to 18 total meetings. The purpose of each meeting will be to raise awareness of how MIDS ordinance adoption can help communities protect water resources with achievable, consistent, and measurable standards. The provider will respond to requests from Lower St. Croix Partnership staff and local partners to schedule meetings and provide overview and technical information and details based on examples of other communities that have adopted and are implementing MIDS.

Presenting at 18 meetings = \$9,180

Cursory ordinance overview and findings summary for 6 communities =\$8,160

Total agreement not to exceed \$17,340
